## WILDFOODS & FINE PRODUCTS

### *CUSTOMIZED EVENTS*

For more than 15 years, we have been organizing nature events, fine foods and other terroir-based initiatives across the province.

Our experience and know-how have enabled us to carry out projects for renowned organizations, but also for families, companies, associations, groups of friends and others.

Our planning and organizational skills, combined with our deep knowledge of nature, ecosystems and local products, are major assets when it comes to setting up personalized, public or local events.

Calling on our services is a guarantee of a unique event! Contact us to discuss your project.

## PARTNERS

### CHEFS

We collaborate with the best chefs and also wish to showcase new chefs whose vision reflects our own, La Mise en Valeur Du Terroir!

### PRODUCERS

Through our events, our regional partner producers promote their products and show their commitment to healthy and 'Quality & Terroir' oriented practices.

### ACCOMMODATION

You want to set up your event for a whole day, in a 'natural' setting with all the adapted infrastructure? No worries, our collaborations with different partners (Gite, AirBnB, Hotel, ...) will allow us to offer you the best option!

## — ABOUT US

### *FREDERIC DARDENNE*

Founder and Owner

If I had to summarize in two words my values, my vision, my passions, these two words would be Nature and the Land.

Apart from a few professional interludes in my life, my life has always been focused on these two words.

Highlighting the products of small producers, presenting and distributing them to larger tables, presenting them during our ecotourism sessions, creating spaces and solutions for permaculture gardens..... All initiatives in which I am involved and that I am happy to put in place and share.

Through our personalized events, the objective is to create a unique moment, highlighting the nature, the land, and the many fine products that our country and region can offer.
